# Ultimate Explorer Guide For Kids

## Synopsis

Ultimate Explorer Guide for Kids presents straightforward advice on what every explorer must know if they are to survive the most daunting challenges the world has to offer. The ultimate adventures are gleaned from the author's travels around the world. He packs every page with the priceless knowledge he has gained over the years. Features include: "Watch Out!" warnings and danger alerts "What To Wear" checklists "How To" advice (such as how to spear a fish) Equipment essentials (like anti-leech socks) "Did You Know" sidebars describing the animals adventurers may encounter Interesting facts, such as the experiences of record-breaking explorers, like British explorer Sir Ranulph Fiennes who cut off the tops of his own fingers in a vise rather than endure the pain of frostbite for one more minute Explorer Q+A's, where the author describes his own lifetime of exploring Author Q+A's. Ultimate Explorer Guide for Kids is no replacement for the real thing but quite possibly it will inspire would-be explorers to dream about their own adventures in the not-so-distant future.

## Customer Reviews

I bought this book for my kids - 8, 10 & 15. It contains some very important and practical information. More importantly though, it is well written and interesting. We have spent a lot of time with this book since buying it. I like that you can skip around and only read the sections that you are interested in. As an adult, I too greatly enjoy this book!

Justin's adventures and information have lit up the faces of my students. They love this book and many have ordered it on their own. The pictures are amazing and vivid. The text is engaging. Talking with him about his adventures and then reading this make a classroom explode with children who want to be adventurers!
