Stink-O-Pedia: Super Stink-Y Stuff From A To Zzzzz

Synopsis

Study up on Stink-isms from A to Z! A super-funny compendium of wackyfacts with compulsive appeal for fans of Stink and Judy Moody alike. Where can you view the world's oldest ham? Who holds the record for the world's loudest burp? The answers to these and many, many more essential questions can be found in Stink-O-Pedia — just the sort of reference book that Stink Moody, who reads encyclopedias in his spare time, might make up himself. From J-for-Jawbreaker (and how long it would take an average frog to digest one), to P-for-Professional Smeller (and other strange but true careers), to Y-for-Yeti (why not?), this volume contains enough amazing stuff to keep readers saying "No way!" for a googolplex* of years. At the back of the book, facts are cross-referenced with related Stink and Judy Moody titles.* See the letter Z-for-Zero!

My 7-year-old son is a HUGE Stink fan! He has read all the books, and is waiting for another to be published. So, when I found this one, I ordered it for him. It is VERY funny. When he's reading it, he wants to stop every minute and tell me something funny from the book. It even lists a website that lets you hear the different sounds that a guinea pig (Stink's pet) makes! This book is LOTS of fun!

This book was for my son, but my daughters also got a chuckle out of seeing it. My son enjoyed reading it and I think we will purchase another in the collection. A great book to have just for when they feel bored and want something to skim read.

I am pretty disappointed in the book Stink-O-Pedia. I was hoping for more activities that correlated with the Stink series. When I purchased the Judy Moody Way not Boring book of stuff to do the book is full of activities, there was a sticker page, and all activities correlated to the series, Judy Moody.

My seven year old son loves the Stink series. He reads the books on his Kindle but I bought Stink-o-pedia in paperback for a Christmas gift. He was so excited when he unwrapped it that he stopped opening gifts to read part of it to us.

My son loves both volumes of the stink o pedia. We got the second one first and had to get the first one. Great for kids who are interested in facts. also great for kids who have trouble sitting down and reading long chapter books.

My boys LOVE Stink Moody and all his facts. They received the Stink Encyclopedia 1 and 2 for Christmas and they already look "loved" from all the reading. Megan MacDonald has a great instinct about writing for boys and the facts are real! Great book!

I bought this book for my niece for Christmas. She absolutely loved it and I have to admit I got hooked as well. Fun trivia with just enough gross factor to keep kids entertained.

My son picked up this book after reading one of the Judy Moody books. He loved it, with a nice mix of drawings and text. He wants more!!!
