Let's face it. The devil doesn't want God's people to be speaking in tongues. Why? Because the gift of the Holy Spirit or the gift of the spirit language is the greatest gift that the Holy Spirit had given to the individual believer in Christ. The gift of the spirit language is the activator to the nine gifts of the Holy Spirit and is the activator to the nine fruits of the Holy Spirit. Living in a developing country like PNG, I can say that many people still do not fully understand the benefits of speaking in tongues and Dr Hamon has done a great job here. A lot of what is taught here has been applied in my own

life and I can honestly say that, they are workable and true. In fact, after reading this book, I have started to enter into a new level of prayer where I would pray in tongues and then the Spirit would take over and I would be groaning in the Spirit and the Spirit would be literally praying through me with words that cannot be uttered. After finishing the book, I have made a decision to be part of the 1 million christians who pray in tongues for 30 mins per day for the next 30 days. According to Dr Hamon, we will achieve a lot in advancing the kingdom of God globally as believers if we just pray in tongues for 30 mins per day for 30 days. And I'm doing this not because that's what Dr Hamon said, but because I WANT TO. Great book overall!

People need to know the importance of speaking in tongues and what it can do for their lives. How it can bring power in your walk with the Lord. How it opens up eyes and increases your discernment. I have a lot people that accuse me of being to radical, but that's ok, because it's them that is losing out on the power God freely gives us.

Glad I stumbled across this book. If you want to know more about the benefits of having a prayer language of praying in tongues this is the book for you. One of the best I have read on this topic.
