NASCAR Designed To Win (Science Of NASCAR)

Synopsis

"Readers, start your engines! You're about to charge into full-throttle NASCAR action and learn about the science behind this thrilling sport. NASCAR Designed to Win takes you into the year-round garages of your favorite teams. You'll learn what's important about the engines, fuel mixtures, and designs of winning race cars. You'll get to know the skills the best drivers use to reach Victory Lane race after race. And you'll see what it takes to run a successful racing team. So grab your infield pass and learn about The Science of NASCAR."

Customer Reviews

This entire series is absolutely perfect for a young NASCAR fanatic. My 7 year-old adores these books. He was getting into trouble at school because these "Science Of NASCAR" books were the only ones he would ever check out from the library, so I had to go ahead and order him his own copies!
