Nations Of South America

Synopsis

A picture book of South America for children can lead a child to wonderful adventures. It can show any child another culture, teach history, show them history, and even teach them about a rainforest. Any child would love to have a picture book of South America. There is so much enjoyment in stories about South America. The pictures would offer added visual aspects. A child can learn of the importance of rain. They may see pictures of the rain forests and can enjoy a sense of wonder about the world

Customer Reviews

I teach Spanish and I really love this e-book because the pictures are beautiful and the included facts are informative. The only thing that would make this book 5-star (and more helpful to the reader) is if the author included a small description of where each picture was taken so that readers could see what part of South America they were looking at. Otherwise, the book is great!

Get a glimpse of South America through its colorful people, landscape and interesting facts. This book could use more text and descriptions that's why I give it 4 stars. Suitable for children.

A must read!

Good.
