Grade Level: Preschool - Kindergarten

Customer Reviews

This new volume has a great variety of princesses represented - Cinderella, Snow White, Tiana, Aurora, Belle, Jasmin, Ariel, Rapunzel, Mulan, Pocahontas and Merida. The text is a large font and the illustrations are colorful and well sized. My 4 year old loves it!!

Purchased this for my daughter and she absolutely loves it. The stories are new and are well written. For the stories that I've read, there is always a moral to the story which is nice. The images are well done. The hardcover version is very nice. The cover is nice and thick. The paper appears to be of high quality and is strong. My daughter hasn't ripped a page yet and she's not easy on her books. We purchased this along with Princess Adventure Stories (Storybook Collection), they go great together and cover the entire princess gamut. Would definitely recommend these books.

Beautiful book. My daughter will love. It looks like the pages are lined with "gold." We already own Disney Bedtime Stories and read it almost every night. I'm sure this book will be the same. Excellent price!

Beautiful book. Vivid colorful pictures on almost every page. Both my granddaughters were happy to just sit and look at the pictures. We'll spend many bedtimes reading these stories when they come for sleepovers

My daughter loved the stories, but within days the pages began falling out of the book. We take care of our books. So this was not an issue of kids not handling the book well. But whatever, it was just the table of contents. But after 2 weeks or so the whole binding broke! We've never returned something like this before. Maybe we got a dud? Someone else said they had a similar problem of pages falling out.

Absolutely wonderful books! Larger and thicker than anticipated. Chock full of beautiful illustrations. Bought this along with the Disney Princess Adventure Stories and the recipients were tickled. I consider these books a genuine steal at the price.

This is the first collection I've found with Brave. The stories are full of lessons for the children and words that are phonetically feasible for children to sound out. Would highly recommend for a family reading book!

While this book has great stories and quite a few of them, when I got the book the seam was cracked and pages have started falling out if the spine. Hopefully mine was a one in a few of being poorly made and others do not have the same problems.
