The One Year Book Of Psalms: 365 Inspirational Readings From One Of The Best-Loved Books Of The Bible

Synopsis

This devotional contains all 150 Psalms and 20 other songs in Scripture, divided into daily readings. The readings include helpful background information on the psalm, a related hymn stanza, and an application thought. Biweekly "Interludes" further aid understanding by explaining things such as acrostic psalms or Hebrew poetic style. Indexes included.

Customer Reviews

This was a devotional I loved and needed. It is perfect for a 5 minute to 20 minute devotion. The Bible text is on one page and a very interesting discussion of the passage on the other page. Many of the discussions are historical and I had never heard or read of most of them. In addition, there is a poem for each day, a "word on words" (definitions), a notable quotable (from a historical figure of faith), and a Bible Networking scripture. Most pages have room for notes and I wrote my prayer requests or notes on the scripture for each day. I found it encouraging and easy to stick with. Buy the book and mark it up. bret

I have started many daily devotional books at various times but have found that by the end of the year, they had dropped by the way-side for one reason or another. This "One year Book of Psalms" is different. I began on January 1st and as of July am still being blessed by these daily readings. I've also found this book to be very user-friendly, in that, even missing several days, it is easy to catch up and get back on track. I'm ordering several copies of this book to give as Christmas gifts this

year. It is a devotional that can be used over and over again.

I love the book of Psalms and this is a great little devotional book. There is so much comfort and guidance in the Bible and I like the fact that this breaks Psalms down into bit size pieces to chew on all day long. I do wish the book was spiral bound though to make it stay open easier for my devotional study.... but then again I wish ALL books were spiral bound.

Not only do you get to read the psalms... but a nice explanation with each one as well. Very well written... it's worth a lot more than I paid for it!

Peterson's Book, 365 Days in the Psalms is excellent filled with good illustrations from ancient days as well as modern. Peterson does a fine job and I highly recommend this book for those who want to know God better. Ann Everitt

I've made it through 3 months so far, and I'm very much liking this devotional. While I don't care for the version of the Bible used, that's a problem in the majority of Christian books these days, and one I easily solve simply by reading the text in my own Bible. I do enjoy the commentaries for each day's devotion; I find them thought provoking, bringing out parts of the Bible text that I hadn't really thought of and really getting me to think about what I'm reading. This approach to the Psalms opens them up to me on a level I hadn't really approached before, hitting home and becoming very personal. I especially like the cross-references they have after many lessons, asking questions and having the reader go to other texts to really bring out the topic they were teaching; this isn't an approach I've seen done too often in many modern devotionals. This one has some substance to it, and isn't just another "read part of a verse, then read a cute little story about being a better person" kind of devotional; I found the One Year Psalms to be a true devotional with a solid biblical foundation.

Petersen's "One Year Book of Psalms:Devotionals" is an enjoyable read. It takes the appropriate amount of time with each Psalm. The shorter ones are given a day, while longer ones are broken up so that one really gets a chance to get into it. This can be used for personal reading and it could also be shared and done with a group. I highly recommend it.

I wish more books in the Bible were done like this. It's the perfect amount of reading material. 8 - 12

verses on one page. Then a thought-provoking essay on the next page. Bible Networking and Quotes are added in the margin for further insight or study. I'd love to see more volumes like this that go through for example, the Minor Prophets, through Jesus' parables, the Pauline Epistles or other groupings of Scripture.
