My daughter loves this book. It's the second year she's received it! Loves it!!

Great book for kids. Purchased for 10 year old. Lots of facts.

Traditionally, almanacs are five star, but they put an asinine pop-culture section in this kids model. I usually rip the pop culture sections out of these before I let the students get near them. This issue I have to rip out the "US Racial Makeup" on p. 230. "Hilarious", "offensive", and "ignorant" don't begin to describe the chart and disclaiming blurb afterward: "Hispanic is an ethnic background, not a race.

Hispanic people can be of any race. Researchers use both "Latino" and "Hispanic" to describe people with origins in Spain or Latin America." If "Hispanic" is an "ethnic background"; then "White" and "Black" are colors, and "Asian" is a cuisine. Shame on you Scholastic -- go bankrupt in a fire.

just what my nephew wanted for Christmas.
