# Fran's Flower

## Synopsis

One day Fran found a flowerpot filled with soil. "I will grow this flower," Fran said. "Grow flower." But the tips stayed tiny. Fran is determined to get her flower bud to grow. But what do you feed a fussy flower? Fran figures that the flower will flourish on her own favorite foods--pizza, spaghetti, even strawberry ice cream! But the stubborn bud refuses to bloom. Finally, Fran discovers that a meal fit for a girl isn't necessarily a meal fit for a flower. Just when she gets fed up, Mother Nature steps in with a smorgasborg of sunshine and rain...Won't Fran be surprised!

## Book Information

Hardcover: 32 pages

Publisher: HarperCollins; 1st American Edition edition (March 22, 2000)

Language: English

ISBN-10: 0060286210

ISBN-13: 978-0060286217

Product Dimensions: 9.6 x 0.2 x 10.8 inches

Shipping Weight: 1.6 pounds

Average Customer Review: 3.8 out of 5 stars [See all reviews](#) (6 customer reviews)

Age Range: 3 - 7 years

Grade Level: Preschool - 2

## Customer Reviews

I own this book and recently purchased it for my son's kindergarten classroom. I read it to the class because they were getting ready to plant flowers to be brought home on Mothers Day and it was the first day of spring! The children can relate to the things that Fran likes and tries to feed her flower! They all enjoyed the book and laughed many times. We talked about the illustrations when we turned the pages and they really liked the bright and beautiful colors used. It was FUN reading this book, it kept their interest and most of all it was great seeing the smiles on their faces!

I bought this book the other day--for ME! I loved the illustrations and thought the story was fresh and fun! I, of course, shared it with my 4 year-old daughter, and she had me read it several times! It is

now one of OUR favorites!

I have been looking to purchase this book since I started teaching preschool 5 years ago. It is a wonderfully, delightful, simple book that explains growing plants. Preschool age children love it because it is silly and they can interact with the book and help determine what is appropriate to feed a flower. Now I work at a library and made sure to purchase this book to donate to our library, specifically for storytimes in the spring.
